F5J Practice MP3 Files

Just had a request to post some MP3 files that can be used for F5J practice and mini contest sessions. I just posted 3 MP3 files in [this cloud folder](#). The folder has a text file "Notes on F5J Practice MP3 Files.rtf" with an explanation of what each MP3 does. Here is the text of that notes file:

Here are some usage notes for the MP3 files that are being provided for F5J practice sessions.

4m-5m-selftime-rounds1-6-16kbps.mp3 -- 6.4mBytes size

This MP3 is used to announce rounds 1 thru 6 for a "self-timed" contest using 4min prep and 5min working times. Using 5 min working times is great because you get lots more launch and landing practice for your field time. The idea is that if you can stay up for 5 mins you have probably found good air. This audio track announces working times at least every 30 seconds so when you are self-timing your flight you simply remember the announced time closest to when you landed and estimate your flight time.

4m-5m-selftime-rounds7-12-16kbps.mp3 -- 6.4mBytes size

This MP3 announces rounds 7 thru 12 for the same practice contest described above.

15sec prep-10min round-30s-motor-16kbps.mp3 -- 1.2mBytes size

This MP3 is used to announce a single 10 min round with a 15 sec prep time and a 30 sec motor run timer. The times are announced every minute down to 2:00, then every 15 sec down to 1:00, then every 5 sec down to 00:30, then every second down to 00:00. (this one uses my voice, sorry 🤖 When I get time I'll redo it with the sexy British female voice)

Any questions let me know.

Just added two nice F5J MP3 practice files to the above cloud folder:

15 sec prep-10 min round-30s motor-female-16kbps.mp3 --

1.2mBytes size

(female Australian voice) Same as above but with a nicer voice.

Used to announce a single 10 min round with a 15 sec prep time and a 30 sec motor run timer. The times are announced every minute down to 2:00, then every 15 sec down to 1:00, then every 5 sec down to 00:30, then every second down to 00:00.

Contributed by Duane Beck--thank you Duane!

1 min prep-10 min round-30s motor-female-16kbps.mp3 --

1.2mBytes size

(female Australian voice) This MP3 is used to announce a single 10 min round with a 1 minute prep time and a 30 sec motor run timer. The times are announced every minute down to 2:00, then every 15 sec down to 1:00, then every 5 sec down to 00:30, then every second down to 00:00. **Contributed by Duane Beck--thank you Duane!**
